USB Controller Cards

1 Port USB 3.1 Type-C PCI-E 3.0 x1

SD-PEX20186

Upgrade your system with the fastest USB ports available. Utilizing a PCI-Express x1 lane this USB 3.1 port operates at 10Gbps full-duplex mode. Two times faster than normal USB 3.0 ports yet backwards compatible with USB 3.0/2.0 devices. This is an ideal choice for desktop systems that need higher transfer speeds for large volumes of data.

ASMedia Chipset Includes Full & Low Profile Brackets

Key Features

- ASMedia ASM1142 USB 3.1 Host Controller
- Compliant with Intel extensible Host Controller Interface specification revision 1.1
- Compliant with USB 3.1 Specifications Revision 1.0
- Supported Speeds: USB 3.1(10 Gbps), USB 3.0(5Gbps), USB2.0(480Mbps), Full(12Mbps), Low(1.5Mbps)
- Supported transfer types: Control, Bulk, Interrupt, Isochronous
- Requires SATA power connector. Internal SATA power connector for supplying +5V power
- Supports Windows 10/8.1/8/7
